2020**

#2020census

This information is designed to help citizens of Tipton County to understand the importance of participating in the 2020 Census by completing and submitting the questionnaire. Every municipality and the County are committed to ensuring that all individuals living in Tipton County on April 1, 2020, are counted in the Census. Our ultimate goal is to ensure that in Tipton County, we:

COUNT EVERYONE ONCE, ONLY ONCE, AND IN THE RIGHT PLACE.

Each year, the Federal Government distributes \$675 billion dollars in federal funds based on an area's population per the Census count. Our county will receive money to support school lunches, housing, food stamps, all manner of grants, and many other programs based on the Census. The 2020 Census will be the basis of these distributions for the next ten years. Our Constitution requires that all residents of the United States are to be counted in the Census every ten years.

The Census Count is used to determine how many representatives our district has in Congress, and can also potentially affect your county district representation.

Historically, the under-counted persons who did not participate in the Census were children under the age of five, immigrants, and people with a lower income.

A complete and accurate Census is paramount to equity, opportunity, and addressing the many issues faced by our region and the nation.
